

The Perfect Easter Bunny

**She doesn't need daily attention and exercise.
Doesn't need to be spayed or neutered.
Doesn't even need hay or fresh greens.
Best of all, a toy rabbit won't depend on you
for the next 10+ years!**

Hundreds of pet rabbits are purchased annually only
to end up unwanted and discarded in less than one year.

**Buy a toy bunny for Easter.
Adopt a pet rabbit for life!**

**Contact Minnesota House Rabbit Society
